Dear Mr. Moe:

After your very kind help in my selection of a coin to use for our Latin medal, and in giving me an impression of it, I thought you might be interested to see what we have done with it. I am enclosing a photograph, which is rather crude, but will give you an idea. I photographed the lead impression of our die with my own kodak, which meant a small negative which had to be enlarged to show the medal in its actual size; hence the photograph is blurred. But it will give you an idea of the result, and I assure you the N. G. Wood Co. made a beautiful die, and a very accurate copy of the coin. I am naturally much pleased with the result, and want to thank you again for the help you gave.

Sincerely yours,

William N. Bourne

Dear Sir:

Your note, and the photograph of your Latin medal, have both been received. Thank you very much indeed for the reprint. It seems to be a very creditable piece of work. Should you have an extra specimen at any time, we should be glad to have you present it to our collection.

Very truly yours,

Secretary.

My dear Mr. Noe:--

Thank you for your letter of May 9. Had I realized that you would like a copy of our medal in your collection, I should have sent it instead of the photograph. I am very glad that you asked for it, and take great pleasure in sending it at this time.

Sincerely yours,

William N. Bourne
